Prepare for calf club work in the spring by keeping a few records and doing your share of the milking this winter.

Are you feeding a pound of grain for every three pounds of milk the cow gives daily?

#### RECEIVERSHIP ASKED FOR KU KLUX KLAN

Atlanta Ga., Dec. 28.—Hearing on petition of 174 bonifide members of the Ku Klux Klan that it be thrown into receivership and that Edward Young Clarke and Mrs. Elizabeth Tyler, two of its officers, be removed, was set today for January 28 before Judge John T. Pendleton, in superior court here.

Judge Pendleton granted a temporary order restraining the organization from disposing of any of its property or disbursing any money except for ordinary expenses, which must not include salaries of officers, pending the hearing.

Signers of the petition include four grand goblins recently deposed by order of William Joseph Simmons, Imperial wizard, and for and against whom various suits have recently been filed. They are Harry B. Terrell, Lloyd B. Hooper, F. W. Akin and J. A. Padon, Jr., all of whom had been representing the klan in northern states. The temporary order stipulated the klan should take no further steps against them pending the hearing.

#### CORDELL HULL

(From the Searchlight, Washington, D. C.)

Apparently a strange and unusual thing has happened. One of the two old parties has been given into the executive hands of a man who is more statesman than politician.

The National Committee of the Democratic party has made Cordell Hull its chairman.

Hull is not all the type generally placed in that important position. A past master at practical politics is usually selected.

That is the first reason for surprise. He knows very little and probably cares less about big, orthodox political manipulations. That is not his way of doing things.

Also, Hull is decidedly a progres-

sive, by habit and from conviction.

In Congress, he ranked among the greatest constructive forces ever to sit in the House. He was a great student, and a tireless worker. He demonstrated exceptional capacity as an economist. The income tax law was a product of his planning. On tariff and revenue questions he was particularly expert.

He is clean, courteous, scholarly—a statesman of the Old School who is thoroughly abreast of modern problems.

It will be highly interesting to observe how the Democratic party responds to this kind of leadership.

#### ARBUCKLE PLANS RETURN TO MOVIES

Los Angeles, Dec. 28.—Roscoe Arbuckle is broke. That is, financially.

But that doesn't worry Roscoe or his friends, as his second trial on the charge of manslaughter in connection with the death of Virginia Rappe approaches.

Those friends are few, but they have confidence in Roscoe Arbuckle's innocence, integrity and ability to "come back." Such is the gist of statements made by Arbuckle and by Joseph M. Schenck, motion picture producer and Arbuckle's best friend.

Arbuckle maintains he will re-enter pictures.

Regarding the future distribution of Arbuckle pictures now being held by the Famous Players-Lasky Company, no official of the concern here will discuss the subject.

Patronize Clovis merchants. They help build up the town. tf
